Re: Judy R. Lucas

Apex, N.C.

I have had the pleasure of knowing Judy Lucas for the past 26 years. She is an amazing person and one that touches every person she comes in contact with.

Judy is one of the most helpful and sincere people I know. She always tries to help anyone in need with her kind and considerate manner. Infinite energy is the way I would describe Judy. She always has the time and energy to help whether it is working with the church, assisting someone with sickness or cooking delicious meals for anyone in need.

In all my years of business, I have never met anyone with more integrity, honesty and graciousness than Judy Lucas. Her life is an example for all of us, and she is truly a blessing to all she meets.

Sincerely,

E. Dale Parker
